05 | USING THE SPEAKER (CONT.)

O HANDS-FREE MODE

Press the [MODE] Button on the speaker until the Mode indicator light becomes BLUE. The speaker is now in Bluetooth Mode and is now capable of receiving incoming calls.

Press the [▶❙❙] Button to accept an incoming call.

Press the [▶❙❙] Button again to disconnect.

To send an incoming call to voicemail, press the [▶❙❙] Button for 3 seconds.

P USING THE USB 1A PORT

Connect the USB end of your device's charging cable to the USB 1A output charging port on the back of the speaker.

Connect the other end of your device's charging cable to your device's charging port. (Please refer to your device's user guide for charging instructions.)

Use your device's battery indicator to determine when the device is fully charged.

When your device is fully charged, remove the cable from the ports.

> (i) The USB output 1A port is suitable for charging small devices such as smartphones, MP3 Players and wireless headphones. Larger devices require greater charging Amperage. Please consult your device's user guide for battery specifications and proper charging instructions.

06 | LIMITED WARRANTY

Q This product as supplied and distributed new by AIT, Inc. ("AIT") to the original consumer purchaser is warranted by AIT against defects in material and workmanship for a period of one year from your date of purchase ("Warranty"). 07 | FCC PART 15

S FCC PART 15

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.
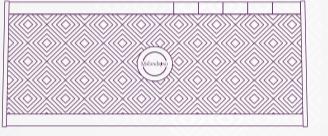

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

03 | CHARGING / PAIRING THE SPEAKER

H Connect the small end of the Micro USB cable into the Micro USB charging port on the back of the speaker.

Connect the large end of the Micro USB cable into a USB on your computer or other USB charging device.

The LED charging indicator light flashes RED when charging. It will remain RED when the speaker is fully charged.

NOTE: Make sure that you charge the speaker for at least 3 to 4 hours before using it for the first time.

I PAIRING THE SPEAKER

Press and hold the [⏻] Button for approximately 2 seconds. A tone will be heard and the Bluetooth Indicator light will quickly flash BLUE.

Keep the speaker and Bluetooth enabled device within 3 feet of each other during the pairing process.

Set your mobile phone or other Bluetooth device to search for Bluetooth device.

NOTE: If a paired device is in range, the speaker will connect to it automatically when Bluetooth mode is enabled.

When your Bluetooth enabled device finds the speaker, select "CMY500" from the list of found devices.

If required, enter the password 0000 (Four Zeros). Select OK or YES to pair the two units.

After a successful pairing, the LED Bluetooth indicator will remain BLUE.

NOTE: If you would like to connect the speaker to another device, you must unpair the unit from the currently paired device FIRST. In your device's Bluetooth settings, select "CMY500" then select UNPAIR or FORGET DEVICE. When the speaker is unpaired, it will automatically go into pairing mode again and the LED Bluetooth indicator light will quickly flash BLUE.

04 | USING THE SPEAKER

J POWERING ON | OFF

Turn the speaker on by pressing the [⏻] Button for approximately 2 seconds.

K ADJUSTING THE VOLUME

Long Press the [+] Button on the speaker to gradually increase the volume to maximum level.

Long Press the [—] Button on the speaker to gradually decrease the volume.

L FM RADIO MODE

Long Press the [+] Button on the speaker to gradually increase the volume to maximum level.

Long Press the [—] Button on the speaker to gradually decrease the volume.

M NOTE:

The Green LED indicator light will flash when scanning stations. After scanning and saving stations, the indicator light will remain Green. If the Bluetooth speaker is turned OFF and then back ON be sure to select your preset stations with the [+] and the [—]. If you press and hold the [▶❙❙] the scanning process will start over.

N AUX IN MODE

Connect one end of the 3.5mm Auxiliary cable to the AUX IN port on the speaker and the other end to an external device's headphone port (Smart Phone, tablet or MP3 Player)

Press the [MODE] Button on the speaker until the MODE becomes PURPLE. The speaker is now in AUX Mode.

Open a media player on your device and press PLAY to listen to your music.

Use the controls on your connected device to control music playback.

> (i) When a device is plugged into the AUX IN port, only the [▶❙❙] Button and volume can be controlled by the buttons on the speaker. You must use your connected device to control music playback.
